

CLOVIS UNIFIED SCHOOL DISTRICT ATHLETIC ELIGIBILITY FORM
BUCHANAN HIGH SCHOOL

BUCHANAN

NAME _____

Please Print Last First

1. What attendance area do you live in? **PLEASE CIRCLE ONE** Buchanan HS * Clovis HS * Clovis East HS * Clovis North HS * Clovis West HS
2. Are you now, or have you ever been in the past year, on an Open Enrollment or interdistrict transfer to attend a school outside your attendance area? YES NO
3. Do you live with your parent(s) or a legal court approved guardian at the above address? YES NO
4. Have you lived at your current residence for a year or more? YES NO
 If no, when did you move from your previous address? _____
 If no, list previous address: _____
 If you have moved or changed schools, check which of these situations applies to you:
 - a. ____ My whole family moved from the old address to the new address.
 - b. ____ I moved from living with one parent to living with another parent.
 - c. ____ I moved from living with a parent to living with a relative or guardian.
 - d. ____ I moved from a relative or guardian to living with a parent.
 - e. ____ A court order placed me at my new address.
 - f. ____ I was dismissed from my old school for disciplinary reasons.
5. Have you lived at your current residence for a year or more? YES NO
 If the answer is no, what is the name of the previous school? _____
 If the answer is no, when did you leave the previous school? _____
6. Did you attend a Clovis Unified elementary school? YES NO
 If yes, which elementary school(s) did you attend? _____
7. At what school did you attend your first day of 9th grade? _____ What year did you start 9th grade? _____

ACKNOWLEDGEMENT OF KNOWLEDGE OF RULES

Athletes and Parents: Please take the time to read through the information in this packet. After reading the rules, please sign below as an acknowledgement that you have read and understood the policies, rules and procedures of Clovis Unified School District and agree to abide by them.

- We understand that giving false information on this application may result in the loss of athletic eligibility.
- We have read and understand the material included in the "Warning of Risk" regarding the risks of participating on an athletic team, including the Football Helmet warning. We certify that we have read and understand the warning.
- All students must have a physical to participate on an athletic team. CIF Bylaw 308-Physical Examination states: As a condition of membership, schools will require that a student receive an **annual** physical examination conducted by a medical practitioner certifying that the student is physically fit to participate in athletics. **The physical report will be on a school board-approved form that includes a health history. The physical examination must be completed before a student may try out, practice or participate in interscholastic athletic competition. The Physical cannot expire during the season of sport.**
- We, parent and athlete, have completed the health history and all information we provided is correct and complete.
- We, parent and athlete, understand that any athlete even suspected of suffering a concussion or head injury shall be removed from the game or practice immediately and shall not return for the remainder of the day. **If removed for suspected concussion or head injury, the athlete may not return to play until the athlete is evaluated by a licensed health care provider** trained in the evaluation and management of concussion and received written clearance to return to play from that health care provider. The "scope of practice" for licensed health care providers and medical professionals is defined by California state statutes. This scope of practice will limit the evaluation to a medical doctor (MD) or doctor of osteopathy (DO).
- We understand every athlete **must have medical insurance that provides at least \$1,500 accidental injury coverage.**
- We understand and agree that the student shall not use androgenic/anabolic steroids without the written prescription of a fully licensed physician to treat a medical condition. We understand under CIF Bylaw 200.D, there could be penalties for giving false information. We understand that Clovis Unified's policy on illegal drug use will be enforced for any violation of these rules.
- We have read and agree to the policies stated in my H.S.'s Parental/Guardian Code of Conduct and the CUSD Code of Conduct, Board Policy ex2505(2) regarding the conduct of athletes and the parents/guardians of CUSD students participating in co-curricular activities. We agree that these rules are important in helping our students become good citizens with a high sense of moral integrity, a competitive spirit, and the ability to be honest and forthright in all endeavors. We agree to abide by these rules for co-curricular participation at Clovis Unified. We acknowledge that a student may be disciplined or removed from a team for violation of any of the provisions of the codes or policies for co-curricular participation at Clovis Unified. We have read and understand the CIF "Ethics in Sports" Policy Statement, Code of Ethics and the Violations and Minimum Penalties of this policy. We agree to abide by the policy and related consequences while participating in interscholastic athletics, regardless of context, site or jurisdiction.

ATHLETICS – WARNING OF RISK FOR ALL SPORTS

SERIOUS, CATASTROPHIC AND PERHAPS FATAL INJURY MAY RESULT FROM ATHLETICS PARTICIPATION. By its very nature, competitive athletics may put students in situations in which accidents may occur. Many forms of athletic competition result in violent physical contact among players, the use of equipment that may result in accidents, strenuous physical exertion, and numerous other exposures to risk of injury.

Students and parents must assess the risks involved in such participation and make their choice to participate in spite of those risks. No amount of instruction, precaution, or supervision will totally eliminate all risk of injury. Just as driving an automobile involves choice of risk; athletic participation by students also may be inherently dangerous. The obligation of parents and students in making this choice to participate cannot be overstated. There have been accidents resulting in serious permanent physical impairment as a result of athletic competition. Students will be instructed in proper techniques to be used in athletic competition and in proper utilization of all equipment work or used in practice and competition. Students must adhere to that instruction and utilization and must refrain from improper uses and techniques. By granting permission for your student to participate in athletic competition, you, as a parent or guardian, acknowledge that such a risk exists. By choosing to participate in athletic competitions, you, the student, acknowledge that such a risk exists.

FOOTBALL PLAYERS: No helmet can prevent all head or neck injuries a player may receive while participating in football. DO NOT USE YOUR HELMET TO BUTT, RAM OR SPEAR AN OPPOSING PLAYER. This is in violation of the football rules and such use can result in severe head or neck injuries, paralysis or death to you and possible injury to your opponent. If any of the foregoing is not completely understood, please contact the Athletic Director at your high school for further information.

We have read and understand the material included in the "Warning of Risk", including the Football Helmet warning. I certify that I have read and understand the warning.

MEDICAL INSURANCE

I understand that my child must have medical insurance that provides at least \$1,500 accidental injury coverage. I, the parent, have completed the health history of my student athlete. I understand that CIF By-Law #306 requires an annual physical for participation in athletics and that the physical WILL NOT expire during the season of sport that the athlete is participating in.

Signature of Parent or Guardian _____

MEDICAL INSURANCE

I have medical insurance that provides coverage of at least \$1,500 for accidental injury.

Company Name _____

Policy No. _____

Expiration Date _____

OR

SCHOOL INSURANCE

I have purchased the following type of coverage through Clovis Unified School District.

School Time _____

Tackle Football (only) _____

24-Hour Coverage _____

**CLOVIS UNIFIED SCHOOL DISTRICT
ATHLETIC PROGRAM PARTICIPATION WAIVER
RELEASE OF LIABILITY and MEDICAL TREATMENT AUTHORIZATION AGREEMENT**

Student Name:	
District School:	
Athletic Program:	

I understand and acknowledge that participation in the above Athletic Program and any related activities (collectively known herein as "Activity"), by their very nature, pose the potential risk of serious injury/illness to individuals who participate. I also realize that the Activity may be strenuous, and that I have the option to seek the advice of a physician before I participate in this Activity. I understand and acknowledge that some of the injuries/illnesses which may result from participating in this Activity include, but are not limited to, the following:

- ◆ Sprains
- ◆ Head and/or back injuries
- ◆ Loss of eyesight
- ◆ Fractured bones
- ◆ Paralysis
- ◆ Communicable diseases
- ◆ Unconsciousness
- ◆ Activity related injury/illness
- ◆ Death

The above list is not intended to be inclusive of all injuries that may occur, but rather to inform me of the types of risks inherent in my participation in the above Activity so that I can make a voluntary choice to participate or not participate.

In the event of accident or illness, I do hereby consent to whatever x-ray examination, anesthetic, medical, surgical or dental diagnosis or treatment and hospital care considered necessary in the best judgment of the attending physician, surgeon, or dentist and performed under the supervision of a member of the medical staff of the hospital or facility furnishing medical or dental services. Further, I agree that Clovis Unified School District ("District") and its personnel are not legally or financially responsible or liable for any claim arising from any consent given in good faith in connection with diagnosis or advised treatment.

In the event of accident or illness please notify: _____
Name Telephone

In consideration of being permitted to participate in the above Athletic Program and any related activities, I agree to assume any and all liability and responsibility for the potential risks which may be associated with participation in such Activity or any activities incidental thereto. I further agree by my signature below to exempt and relieve, on behalf of myself and my heirs, executors, administrators and assigns, the Clovis Unified School District, its Board, officers, agents, employees or volunteers from any and all liability or responsibility for property damage, personal injury, and bodily injury (including wrongful death) that I might sustain which is incident to, associated with preparing for, and/or while participating in any activity connected with said Athletic Program, including travel provided by the District to and from Activity locations. I understand that this provision is intended to be as broad and inclusive as permitted by law, and that if any portion is held invalid, it is agreed that the balance shall continue in full legal force and effect.

I acknowledge that I have carefully read and understand this Athletic Activity Program Waiver, Release of Liability and Medical Treatment Authorization Agreement, and that I voluntarily agree to its terms and conditions.

CLOVIS UNIFIED SCHOOL DISTRICT

CODE OF CONDUCT FOR STUDENT PARTICIPANTS IN EXTRA-CURRICULAR/ATHLETIC ACTIVITIES

We believe that extra-curricular activities, including athletics, should demonstrate high standards of ethics and sportsmanship and promote the development of good character and other important life skills. We also believe that the highest potential of activities is achieved when participants are committed to pursuing victory with honor according to six core principles: trustworthiness, respect, responsibility, fairness, caring, and good citizenship (the “Six Pillars of Character”). This Code applies to all student s involved in extra-curricular activities, including athletics.

TRUSTWORTHINESS

Trustworthiness: be worthy of trust in all you do.

Integrity: live up to high ideals of ethics and sportsmanship and always pursue victory with honor; do what’s right even when it’s unpopular or personally costly.

Honesty: live and compete honorably; don’t lie, cheat, steal, violate the laws of the community or engage in any other dishonest or unsportsmanlike conduct.

Reliability: fulfill commitments; do what you say you will do; be on time to practices and events.

Loyalty: be loyal to your school and team; put the team above personal glory.

RESPECT

Respect: treat all people and school or private property with respect at all times and require the same of fellow students.

Class: live and play with class, be a good sport, be gracious in victory and accept defeat with dignity, help up fallen opponents, compliment extraordinary performance, and show sincere respect in pre- and post-event/game rituals.

Disrespectful Conduct: don’t engage in disrespectful conduct of any sort including profanity, obscene gestures, offensive remarks of a sexual nature, trash-talking, taunting, hate motivated behavior,

vandalism of property, boastful celebrations, gang related activity, sexual harassment, threat or intimidation of a student or group of students, hazing of any student or other actions that demean individuals or the activity.

Respect Officials/Supervisors: treat contest officials with respect; don’t complain about or argue with official calls or decisions during or after an athletic event. Treat supervisors with respect at all times.

RESPONSIBILITY

Importance of Education: be a student first and commit to attending school on a regular basis without truancy problems and to earning your degree and getting the best education you can. Be honest with yourself about the likelihood of getting an athletic scholarship or playing on a professional level and remember that many universities will not recruit students that do not have a serious commitment to their education the ability to succeed academically or the character to represent their institution honorably.

Role-Modeling: Remember, participation in an extra-curricular activity, including a sport, is a privilege, not a right, and that you are expected to represent your school, coach/advisor and teammates with honor, on and off the field. Consistently exhibit good character and conduct yourself as a positive role model.

CLOVIS UNIFIED SCHOOL DISTRICT

Self-Control: Exercise self-control; don't fight or show excessive displays of anger, frustration and don't possess any type of weapon or use a weapon; have the strength to overcome the temptation to retaliate.

Healthy Lifestyle: safeguard your health; don't use any illegal or unhealthy substances including alcohol, tobacco and drugs; don't sell or furnish any controlled substance; don't engage in any unhealthy techniques to gain, lose or maintain weight; don't attend a party or activity where alcohol or other controlled substance are being *illegally* used.

Integrity of the Game: protect the integrity of the game; don't gamble or associate with or deal with professional gamblers.

Sexual Conduct: sexual or romantic contact of any sort between students and coaches/advisors is improper and strictly forbidden. Report misconduct to proper authorities. The possession(s) for sale of pornographic materials is improper and strictly forbidden.

FAIRNESS

Be Fair: live up to high standards of fair play; be open-minded; always be willing to listen and learn.

CARING

Concern for Others: demonstrate concern for others; never intentionally injure any

player or engage in reckless behavior that might cause injury to yourself or others

Teammates: help promote the well-being of teammates by positive counseling and encouragement or by reporting any unhealthy or dangerous conduct to coaches.

CITIZENSHIP

Play by the Rules: maintain a thorough knowledge of and abide by all applicable game and competition rules.

Spirit of rules: honor the spirit and the letter of rules; avoid temptations to gain competitive advantage through improper gamesmanship techniques that violate the highest traditions of sportsmanship.

Integrity: refuse any solicitation by a District staff member or any representative of the District's interests for the purpose of securing enrollment and ultimate participation in the District's programs; reject any undue influence in the inducement for enrollment, transfer to, or to remain in, the District for purposes of participation in District extra-curricular or athletic programs; refuse any direct or indirect offer of a salary, gratuity, education expenses, excessive or improper expenses, awards, benefits, cash or the equivalent thereof for participation in the District's programs.

I have read and understand the requirements of this Code of Conduct and acknowledge that I may be disciplined or removed from a team/activity if I violate any of its provisions.

Pursuing Victory With Honor: Sportsmanship, Ethics, and Character Building Resources

Parent/Athlete Concussion Information Sheet

A concussion is a type of traumatic brain injury that changes the way the brain normally works. A concussion is caused by bump, blow, or jolt to the head or body that causes the head and brain to move rapidly back and forth. Even a “ding,” “getting your bell rung,” or what seems to be a mild bump or blow to the head can be serious.

WHAT ARE THE SIGNS AND SYMPTOMS OF CONCUSSION?

Signs and symptoms of concussion can show up right after the injury or may not appear or be noticed until days or weeks after the injury.

If an athlete reports **one or more** symptoms of concussion listed below after a bump, blow, or jolt to

Did You Know?

- Most concussions occur *without* loss of consciousness.
- Athletes who have, at any point in their lives, had a concussion have an increased risk for another concussion.
- Young children and teens are more likely to get a concussion and take longer to recover than adults.

the head or body, s/he should be kept out of play the day of the injury and until a health care professional, experienced in evaluating for concussion, says s/he is symptom-free and it’s OK to return to play.

SIGNS OBSERVED BY COACHING STAFF	SYMPTOMS REPORTED BY ATHLETES
Appears dazed or stunned	Headache or “pressure” in head
Is confused about assignment or position	Nausea or vomiting
Forgets an instruction	Balance problems or dizziness
Is unsure of game, score, or opponent	Double or blurry vision
Moves clumsily	Sensitivity to light
Answers questions slowly	Sensitivity to noise
Loses consciousness (<i>even briefly</i>)	Feeling sluggish, hazy, foggy, or groggy
Shows mood, behavior, or personality changes	Concentration or memory problems
Can’t recall events <i>prior</i> to hit or fall	Confusion
Can’t recall events <i>after</i> hit or fall	Just not “feeling right” or “feeling down”

CONCUSSION DANGER SIGNS

In rare cases, a dangerous blood clot may form on the brain in a person with a concussion and crowd the brain against the skull. An athlete should receive immediate medical attention if after a bump, blow, or jolt to the head or body s/he exhibits any of the following danger signs:

- One pupil larger than the other
- Is drowsy or cannot be awakened
- A headache that not only does not diminish, but gets worse
- Weakness, numbness, or decreased coordination
- Repeated vomiting or nausea
- Slurred speech
- Convulsions or seizures
- Cannot recognize people or places
- Becomes increasingly confused, restless, or agitated
- Has unusual behavior
- Loses consciousness (*even a brief loss of consciousness should be taken seriously*)

WHY SHOULD AN ATHLETE REPORT THEIR SYMPTOMS?

If an athlete has a concussion, his/her brain needs time to heal. While an athlete's brain is still healing, s/he is much more likely to have another concussion. Repeat concussions can increase the time it takes to recover. In rare cases, repeat concussions in young athletes can result in brain swelling or permanent damage to their brain. *They can even be fatal.*

Remember

Concussions affect people differently. While most athletes with a concussion recover quickly and fully, some will have symptoms that last for days, or even weeks. A more serious concussion can last for months or longer.

WHAT SHOULD YOU DO IF YOU THINK YOUR ATHLETE HAS A CONCUSSION?

If you suspect that an athlete has a concussion, remove the athlete from play and seek medical attention. Do not try to judge the severity of the injury yourself. Keep the athlete out of play the day of the injury and until a health care professional, experienced in evaluating for concussion, says s/he is symptom-free and it's OK to return to play.

Rest is key to helping an athlete recover from a concussion. Exercising or activities that involve a lot of concentration, such as studying, working on the computer, or playing video games, may cause concussion symptoms to reappear or get worse. After a concussion, returning to sports and school is a gradual process that should be carefully managed and monitored by a health care professional.

It's better to miss one game than the whole season. For more information on concussions, visit: www.cdc.gov/Concussion.

Keep Their Heart in the Game

A Sudden Cardiac Arrest Information Sheet for Athletes and Parents/Guardians

What is sudden cardiac arrest?

Sudden cardiac arrest (SCA) is when the heart stops beating, suddenly and unexpectedly. When this happens blood stops flowing to the brain and other vital organs. SCA is NOT a heart attack. A heart attack is caused by a blockage that stops the flow of blood to the heart. SCA is a malfunction in the heart's electrical system, causing the victim to collapse. The malfunction is caused by a congenital or genetic defect in the heart's structure.

How common is sudden cardiac arrest in the United States?

As the leading cause of death in the U.S., there are more than 300,000 cardiac arrests outside hospitals each year, with nine out of 10 resulting in death. Thousands of sudden cardiac arrests occur among youth, as it is the #2 cause of death under 25 and the #1 killer of student athletes during exercise.

Who is at risk for sudden cardiac arrest?

SCA is more likely to occur during exercise or physical activity, so student-athletes are at greater risk. While a heart condition may have no warning signs, studies show that many young people do have symptoms but neglect to tell an adult. This may be because they are embarrassed, they do not want to jeopardize their playing time, they mistakenly think they're out of shape and need to train harder, or they simply ignore the symptoms, assuming they will "just go away." Additionally, some health history factors increase the risk of SCA.

FAINTING
is the
#1 SYMPTOM
OF A HEART CONDITION

What should you do if your student-athlete is experiencing any of these symptoms?

We need to let student-athletes know that if they experience any SCA-related symptoms it is crucial to alert an adult and get follow-up care as soon as possible with a primary care physician. If the athlete has any of the SCA risk factors, these should also be discussed with a doctor to determine if further testing is needed. Wait for your doctor's feedback before returning to play, and alert your coach, trainer and school nurse about any diagnosed conditions.

What is an AED?

An automated external defibrillator (AED) is the only way to save a sudden cardiac arrest victim. An AED is a portable, user-friendly device that automatically diagnoses potentially life-threatening heart rhythms and delivers an electric shock to restore normal rhythm. Anyone can operate an AED, regardless of training. Simple audio direction instructs the rescuer when to press a button to deliver the shock, while other AEDs provide an automatic shock if a fatal heart rhythm is detected. A rescuer cannot accidentally hurt a victim with an AED—quick action can only help. AEDs are designed to only shock victims whose hearts need to be restored to a healthy rhythm. Check with your school for locations of on-campus AEDs.

The Cardiac Chain of Survival

On average it takes EMS teams up to 12 minutes to arrive to a cardiac emergency. Every minute delay in attending to a sudden cardiac arrest victim decreases the chance of survival by 10%. Everyone should be prepared to take action in the first minutes of collapse.

Early Recognition of Sudden Cardiac Arrest

Collapsed and unresponsive.
Gasping, gurgling, snorting, moaning or labored breathing noises.
Seizure-like activity.

Early Access to 9-1-1

Confirm unresponsiveness.
Call 9-1-1 and follow emergency dispatcher's instructions.
Call any on-site Emergency Responders.

Early CPR

Begin cardiopulmonary resuscitation (CPR) immediately. Hands-only CPR involves fast and continual two-inch chest compressions—about 100 per minute.

Early Defibrillation

Immediately retrieve and use an automated external defibrillator (AED) as soon as possible to restore the heart to its normal rhythm. Mobile AED units have step-by-step instructions for a bystander to use in an emergency situation.

Early Advanced Care

Emergency Medical Services (EMS) Responders begin advanced life support including additional resuscitative measures and transfer to a hospital.

Keep Their Heart in the Game

Recognize the Warning Signs & Risk Factors of Sudden Cardiac Arrest (SCA)

Tell Your Coach and Consult Your Doctor if These Conditions are Present in Your Student-Athlete

Potential Indicators That SCA May Occur

- Fainting or seizure, especially during or right after exercise
- Fainting repeatedly or with excitement or startle
- Excessive shortness of breath during exercise
- Racing or fluttering heart palpitations or irregular heartbeat
- Repeated dizziness or lightheadedness
- Chest pain or discomfort with exercise
- Excessive, unexpected fatigue during or after exercise

Factors That Increase the Risk of SCA

- Family history of known heart abnormalities or sudden death before age 50
- Specific family history of Long QT Syndrome, Brugada Syndrome, Hypertrophic Cardiomyopathy, or Arrhythmogenic Right Ventricular Dysplasia (ARVD)
- Family members with unexplained fainting, seizures, drowning or near drowning or car accidents
- Known structural heart abnormality, repaired or unrepaired
- Use of drugs, such as cocaine, inhalants, "recreational" drugs, excessive energy drinks or performance-enhancing supplements

What is CIF doing to help protect student-athletes?

CIF amended its bylaws to include language that adds SCA training to coach certification and practice and game protocol that empowers coaches to remove from play a student-athlete who exhibits fainting—the number one warning sign of a potential heart condition. A student-athlete who has been removed from play after displaying signs or symptoms associated with SCA may not return to play until he or she is evaluated and cleared by a licensed health care provider. Parents, guardians and caregivers are urged to dialogue with student-athletes about their heart health and everyone associated with high school sports should be familiar with the cardiac chain of survival so they are prepared in the event of a cardiac emergency.

I have reviewed and understand the symptoms and warning signs of SCA and the new CIF protocol to incorporate SCA prevention strategies into my student's sports program.
